DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of species 1(b), claims 1, 3, and 6, in the reply filed on 1/5/06 is acknowledged.

Claims 1, 3, and 6 are directed to an allowable species. Pursuant to the procedures set forth in the MPEP, claims 2, 4, and 5, directed to another species but dependent upon the allowed claim 1, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on 12/5/05 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Therefore, all of the pending claims 1-6 have been considered for allowance.

Reasons For Allowance

Claims 1-6 have been allowed over the prior art.

The following is an examiner's statement of reasons for allowance: Prior art could not be located that taught a bump layout on a driver IC comprising a plurality of bumps over the active region close to the first long side and the second long side and over some other part of the active region so that the active region is divided into a plurality of circuit blocks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art cited but not relied upon teaches the state of the art.
